## POSITIVELY

Copy for "changes" in advertisements MUST be sent in before 2 o'clock on the previous day.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

Mrs. Nathan got her head cracked in trying to crack a few bottles, it seems.

Mr. J. P. Nash has moved from Fourth street and now occupies the Rice home in East Second street.

Mrs. C. T. West has taken up her residence in the Howe residence, corner Third and Sutton streets.

When Mrs. Nation gets through "stumping" the state she will be ready to go on the "docks" for repairs.

Mrs. Carrie Nation doubtless didn't decide to carry the war into Kentucky without first counting the cost.

Elder W. N. Briney, now preaching at Paris, Mo., has received a call to the Christian Church at Oklahoma City.

Mr. Arthur Cunningham and family left this morning on the Courier for Cincinnati to make that city their future home. Mr. Cunningham sold his Market street barber shop to Mr. Winfield McKinley.

Mrs. Louisa Erskine, aged 43, of the county, was tried yesterday by a Jury and adjudged a person of unsound mind and ordered sent to the Asylum. She was taken to Lexington this morning by Sheriff Mackey.

Mr. Harry L. Wells, who was here visiting his parents, Captain and Mrs. J. E. Wells, left yesterday for St. Louis where he will spend several days at the World's Fair and then return to his home in Greenville, Miss.

Rev. C. R. Vawter of Weston, Mo., was a guest at The Central a few days this week. He visited Springdale, his old home, and shook hands with many old friends. He leaves the last of the week for his Western home and will stop off for the World's Fair at St. Louis.

That coon mentioned in another column was killed last night near the Green River Tobacco Factory. It met its death at the hands of Mr. Joseph R. Carpenter and Mr. Blanch Ginn, both of whom will undoubtedly receive a vote of thanks from the East End residents.

Neither aged nor youth is exempt from eye troubles and defective vision. If there is any suspicion of trouble with your eyes we'll examine them free and furnish the right glasses at the right price.

MURPHY, the Jeweler and Optician.

The State Board of Valuation and Assessment has made the following assessments against Banks for franchise tax in this city and county—Mitchell, Finch & Co.'s Bank, \$36,016; State Bank of Dover, \$13,895; Bank of Maysville, \$89,141; Bank of Mayslick, \$13,626; Union Trust Company, \$44,679.

Quite a number from this city attended the funeral of Squire M. D. Farrow yesterday. Judge C. D. Newell, County Clerk C. L. Wood and Hon. Thomas D. Slattery acted as pallbearers. Congressman Kehoe and Commissioner C. B. Taylor were among the number who paid their last respects to this worthy citizen.

The stock of buggies and wagons belonging to Joseph Lawrence was sold yesterday at public auction and brought \$922.65. George Wood was the auctioneer. The amount received was considerably in excess of the appraisement. Harry L. Walsh was the assignee, and that accounts for the good results of the sale. Mr. Walsh is a hustler and is business from the jump. If you want your business properly attended to be sure and consult Harry.

MRS. ELIZABETH FREEMAN DOYLE.

Mrs. Elizabeth Freeman Doyle, widow of Elder Sanford S. Doyle, peacefully passed away at "Maplewood," the home of Mr. and Mrs. C. C. Degman at Springdale, yesterday, of dropsical troubles.

Mrs. Doyle was born near Ripley, in 1825, and moved with her parents to Fleming county where most of her youth was spent, but for nearly forty years she has been a resident of Mason county.

She is survived by three daughters—Mrs. Anna Degman of Springdale, Mrs. Sue Williams of East Limestone and Mrs. Louisa Tully of Cottageville, Lewis county, and one sister, Mrs. Sara B. Smith, all of whom were with her to the last.

She had been a consistent Christian for more than fifty years and died rejoicing in the glorious hope of immortality.

The interment will be at Bethany Cemetery late this afternoon.

## UGHT TO SEE THEM

### The Handsomest Calendars Ever Shown in This City

The business man who spends his money in Maysville, simply puts that money into the hands of people who will in turn spend it with him again.

Did you ever think of that?  
The business man who spends his money for printing in Louisville, or Cincinnati, or Chicago, or New York, puts that money into the hands of people who never did, nor ever will, spend a dollar in his store.

Did you ever think of that?  
Now, in order that a good deal of this money may be kept at home, and spent by home workers and home employers with home merchants, The Ledger Printery has secured the handsomest line of Calendars ever seen in this city, with a price limit to suit every need.

Mr. Richard L. Miles, The Ledger Printery's expert Printer, will call on you in a few days, dazzle your eyes with the beauties and tickle your bank account with the prices.

## ANNOYING VISITOR

### East Enders Bothered By Calls From a Pet Coon Coon

The good people East of Limestone creek have been in a terrible state of agitation for some time, all owing to the antics and midnight depredations of one little coon.

It's a pet coon and belongs to a colored man. Now if there's one thing above another that a darkey loves more than his pickaninny, it is a coon—and he is not particular in his choice whether it be a two or four-legged coon.

In this instance, however, it is a four-legged animal and of the liveliest sort.

This little quadruped is an evil spirit to the residents of that part of the city; it has caused fairly good men to use profane language and the women folks to sit up half the night in perfect dread of its appearance.

It's life has been in jeopardy a thousand times, yet it escapes as with a charmed life.

It has no particular choice between a larder, table or chicken coop—either will satisfy its rapacious appetite, provided there is plenty of it.

The other night it got into the chicken yard of M. C. Chisholm, and that gentleman had to go to the rescue of his fowls.

After playing hide-and-seek with Matt for about an hour and leaving him in a collapsed state it made its escape.

This coon has visited Mr. Sam Hall, Mr. Thomas P. Boyce, Mr. Schwartz and many other citizens.

There is a standing reward for its capture or death.

P. S.—The coon is dead!

Haying is nearly finished in the county and the crop is hardly an average one.

Mrs. Margaret Carrington, Mt. Sterling's oldest resident, is dead, aged 92.

Sherman Bristow, aged 24, son of Fourth Assistant Postmaster General Bristow, has been signed as shortstop for the Grand Rapids team. Bristow has been playing baseball under the name of Sherman.

I will sell the Martin McDonough farm of 45 acres, located on the Blue Run Pike, at Public Sale at Courthouse door at 1 p. m. Wednesday, July 27th, 1904.

JOHN DULEY

Admr. Martin McDonough, deceased.

The monthly meeting of the Mason County Medical Society will be held in G. A. R. Hall Wednesday, July 27th, at 2 o'clock p. m. Dr. O. H. Adamson of Sardis and Dr. W. H. Taulbee of this city will be essayists. Dr. Edwin Rickerts of Cincinnati will be present and address the meeting. A full attendance from city and county is requested.

Miss Elise Shackelford of Lexington left yesterday for a trip to the St. Louis Exposition.

Lighting by alcohol has two great advantages over other kinds; it develops less heat and does not poison the air so quickly, as it gives out less carbonic acid.

Squire Malcolm Wood of Mt. Olivet, who was injured by a runaway horse at Ashland some weeks ago while en route to visit his daughter, Mrs. F. W. Riffe, at Huntington, W. Va., is still at the latter place, and does not improve very rapidly.

Commissioner Yerkes has decided that no special tax can be charged on patent medicines containing liquor unless it can be shown that the preparation is sold and used as a beverage with the knowledge of the dealer. In some dry sections certain patent medicines are used as substitutes for straight whisky, but no action can be taken by the revenue agents until they have proof that the dealer knows that the so-called medicines are to be used by the customer as a beverage.

## "There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man—if it's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We realize this. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a bum job get onto our presses. No press in the country can better our printing and we want you to know it.

HAVE THE DAVIS PRINTING HOUSE PRINT IT.

Mr. Thomas Seabrooke Forman was somewhat improved yesterday.

First Lieutenant Marion B. Wilhoit of Nicholasville, who has been stationed at New Orleans for the past three years, has been ordered to Fort Totten, N. Y., to do duty with the Fifty-fourth Coast Artillery.

Cartmell extracts teeth without pain.

Mrs. Carrie Nation held her own much better when she carried on with her hatchet than she seems to have done with moral suasion.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The State College of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree.

Post graduate studies are provided, leading to a Master's Degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty Professors and Instructors. County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. The Legislature appropriated \$50,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750. Specialists with the necessary number of assistants have charge of each department of natural sciences. Summer schools are provided for pedagogy, engineering and instruction in science. The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work. The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath-rooms and room for physical culture. It is heated by steam and lighted by electricity. An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission apply to JAMES K. PATTERSON, Ph.D., LL.D. Or to D. C. FRAZER, Business Agent, Lexington, Ky. Fall term begins September 5th, 1904.

One of the largest caves ever discovered in Eastern Kentucky, and one that will perhaps rival the great Mammoth Cave in Edmonson county, has just been discovered in Southern Letcher county, near the Perry county line.
